CONTENTS

Preface 5

Summary of Project IGCP-253 9
J. Lundqvist and M. Saarnisto

Problematic Ice Sheets 19
N. Rutter

Is There Any Real Evidence for a Huge Shelf Ice Sheet in East Siberia? 39
A. Sher

Fluctuations of Local Glaciers at the Termination of the Pleistocene: 18–8 ka BP 41
C. M. Clapperton

Palaeoclimate of the North Atlantic Seaboards During the Last Glacial/Interglacial Transition 51
J. J. Lowe and NASP Members

Climatic Changes in Europe During the Last Glacial/Interglacial Transition 63
M. J. C. Walker

Depositional Changes in Non-glaciated Regions of Central Europe 77
J. Tyráček

History and Drainage of Large Ice-dammed Lakes along the Laurentide Ice Sheet 83
J. T. Teller

Global Younger Dryas? 93
D. Peteet

The Pleistocene Termination in Northern Eurasia 105
A. A. Velichko

Changes in Permafrost Conditions 113
R. Vaikmäe, M. Böse, F. A. Michel and B. J. Moormann

The Mode of Degradation of Pleistocene Permafrost in West Siberia 119
V. I. Astakhov

Problems of Dead Ice and Ground Ice in the Central Part of the North European Plain 123
M. Böse

Unexpected Ice Flow Directions During the Late Weichselian Deglaciation of the South Baltic Area Indicated by a New Lithostratigraphy in NW Poland and NE Germany 127
E. Lagerlund, K. M. Persson, D. Krzyszkowski, P. Johansson, E. Dobracka, R. Dobracki and W.-A. Panzig

The Younger Dryas Margin of the Scandinavian Ice Sheet—An Introduction 145
B. G. Andersen, J. Lundqvist and M. Saarnisto

Younger Dryas Ice-Marginal Deposits in Norway 147
B. G. Andersen, J. Mangerud, R. Sørensen, A. Reite, H. Sveian, M. Thoresen and B. Bergström

The Younger Dryas Ice-Marginal Zone in Sweden 171
J. Lundqvist

The Baltic Ice Lake 177
L. Brunnberg

Younger Dryas End Moraines in Finland and NW Russia 179
H. Rainio, M. Saarnisto and I. Ekman

Luminescence Dating of the Deglaciation in Northern Sweden 193
J. Lundqvist and V. Mejdahl

Climate, Vegetation and Glacier Fluctuations in Chile, Between 40°30′ and 42°30′ S Latitude—A Short Review of Preliminary Results 199
B. G. Andersen, G. H. Denton, C. J. Heusser, T. V. Lowell, P. I. Moreno, A. Hauser, L. E. Heusser, C. Schlüchter and D. R. Marchants
